Übergangsmitteilung

Mitteilung bezüglich der Serie von Wertpapieren mit der im Anhang angegebenen ISIN

22. Juni 2021

Diese Übergangsmitteilung ist in Verbindung mit der ursprünglichen Mitteilung[1] und den Emissionsbedingungen der Wertpapiere zu lesen. Begriffe, die in dieser Übergangsmitteilung nicht anderweitig definiert sind, haben die in den Emissionsbedingungen der Wertpapiere angegebene Bedeutung.

Infolge der Ankündigung der ICE Benchmark Administration Limited („**IBA**"), dem autorisierten und regulierten Administrator des LIBOR®, vom 5. März 2021, dass es der IBA nicht möglich ist, bestimmte Benchmark-Setups des Londoner Interbanken-Angebotssatzes („**LIBOR-Benchmarks**") über bestimmte Zeitpunkte hinaus auf repräsentativer Basis zu veröffentlichen, hat die britische Finanzaufsichtsbehörde (*Financial Conduct Authority*) die zukünftige Einstellung oder den Verlust der Repräsentativität der 35 LIBOR-Benchmarks, die derzeit von der IBA veröffentlicht werden, angekündigt. Diese Mitteilung stellt die Maßnahmen dar, welche von Morgan Stanley & Co. International plc („**MSIP**") als Festlegungsstelle im Anschluss an solche Ankündigungen in Bezug auf die von MSIP emittierten Optionsscheine und Zertifikate ohne feste Laufzeit (jeweils ein „**Wertpapier**" und zusammen die „**Wertpapiere**"), die auf einen dieser LIBOR-Referenzsätze Bezug nehmen, ergriffen werden.

Die Wertpapiere verwenden u. a. einen Referenzzinssatz (der **„Referenzsatz"**), um den Zinsbetrag zu berechnen, der vom Wert des Wertpapiers aufgrund der von MSIP als Emittentin bereitgestellten Finanzierung (Hebelwirkung) durch das Wertpapier abzuziehen ist. Der Referenzsatz wird in der jeweiligen Dokumentation der Wertpapiere als **„Referenzzinssatz"** bezeichnet.

Der Referenzzinssatz in Bezug auf die Wertpapiere mit der im Anhang angegebenen ISIN, ist der 1-Monats Amerikanische Dollar LIBOR (US0001M Index) („**USD LIBOR 1 MONTH**"). Gemäß der Ankündigung der IBA wird der USD LIBOR 1 MONTH ab dem 30. Juni 2023 nicht mehr repräsentativ für die zugrundeliegende Markt- und Wirtschaftsrealität sein, und die Repräsentativität wird nicht wiederhergestellt.

---

[1] Die ursprüngliche Mitteilung ist auf der Webseite der Emittentin verfügbar: LIBOR - MITTEILUNG AN ANLEGER.

Gemäß §4a der Emissionsbedingungen der Wertpapiere hat MSIP als Festlegungsstelle nach der Ankündigung der IBA, dass der Referenzzinssatz nicht mehr repräsentativ sein wird, festgelegt, dass mit Wirkung zum 13. Juli 2021 der USD LIBOR 1 MONTH als Referenzzinssatz durch den von der Federal Reserve Bank of New York berechneten Tagesgeldsatz Amerikanische Dollar SOFR („**Amerikanische Dollar SOFR**") ersetzt wird (der „**Alternative Referenzzinssatz**") und die Wertpapiere entsprechend umgestellt werden. Amerikanische Dollar SOFR ist ein Tagesgeldsatz. Die entsprechende Bloomberg-Seite lautet SOFRRATE Index.

Anleger sollten die Auswirkungen, die eine solche erwartete Maßnahme auf die Wertpapiere und ihre fortwährende Verfügbarkeit haben könnte, berücksichtigen und entscheiden, ob sie ihre Wertpapiere vor dem Übergang des Referenzzinssatzes zu den geltenden Marktpreisen zurückverkaufen möchten oder ob sie es stattdessen vorziehen, in den Wertpapieren investiert zu bleiben und auf den Alternativen Referenzzinssatz überzugehen.

Insbesondere sollten sich Anleger darüber im Klaren sein, dass es nicht vorhersehbar ist, ob der Alternative Referenzzinssatz zum Zeitpunkt des Übergangs höher oder niedriger als der aktuelle Referenzzinssatz sein wird, und den Anlegern hierdurch ein höherer oder niedrigerer Betrag an Zinsaufwendungen in Rechnung gestellt werden könnte.

Darüber hinaus könnte der Alternative Referenzzinssatz nach einem Übergang einem anderen, vielleicht steileren Kurs folgen als der Kurs, dem der aktuelle Referenzzinssatz in der Vergangenheit gefolgt ist, was auch dazu führen könnte, dass die Wertpapierkosten höher ausfallen als in der Vergangenheit.

FOR THE ATTENTION OF INVESTORS IN MINI FUTURE WARRANTS, OPEN END TURBO WARRANTS AND FACTOR CERTIFICATES ISSUED BY MORGAN STANLEY & CO. INTERNATIONAL PLC ("MSIP")

Transition Notice

Notice in relation to the series of Securities with the ISIN as specified in the Annex

22 June 2021

This Transition Notice must be read in conjunction with the initial notice[1] and the terms and conditions of the Securities. Terms not otherwise defined herein shall have the meanings specified in the terms and conditions of the Securities.

Following the announcement on 5 March 2021 by ICE Benchmark Administration Limited ("**IBA**"), the authorised and regulated administrator of LIBOR®, that it is not possible for IBA to publish certain London Interbank Offered Rate benchmark settings ("**LIBOR Benchmarks**") on a representative basis beyond certain dates, the UK Financial Conduct Authority has announced the future cessation or loss of representativeness of the 35 LIBOR Benchmarks currently published by IBA. This notice sets out the action to be taken by Morgan Stanley & Co. International plc ("**MSIP**"), as Determination Agent, following such announcements with respect to the warrants and certificates without fixed maturity issued by MSIP (each a "**Security**" and together the "**Securities**") that reference any of those LIBOR Benchmarks.

The Securities utilise, *inter alia*, an interest rate benchmark (the "**Reference Rate**") to calculate the amount of interest to be deducted from the value of the Security on account of the funding (i.e. leverage) provided by MSIP, as issuer, through the Security. The Reference Rate is referred to in the relevant documentation of the Securities as the "**Reference Interest Rate**".

The Reference Interest Rate with respect to the Securities with the ISIN that are specified in the Appendix is 1-Month American Dollar LIBOR (US0001M Index) ("**USD LIBOR 1 MONTH**"). According to the announcement of the IBA, from 30 June 2023 USD LIBOR 1 MONTH will no longer be representative of the underlying market and economic reality, and representativeness will not be restored.

In accordance with §4a of the terms and conditions of the Securities, following the announcement by IBA that the Reference Interest Rate will no longer be representative, MSIP, as Determination Agent, has determined that with effect from 13 July 2021 USD LIBOR 1 MONTH will be

substituted as the Reference Interest Rate by the Overnight American Dollar SOFR rate ("**American Dollar SOFR**") calculated by the Federal Reserve Bank of New York (the "**Alternative Reference Interest Rate**") and the Securities will be transitioned accordingly. American Dollar SOFR is an overnight rate. The relevant Bloomberg page is SOFRRATE Index.

Investors should consider the impact that any such anticipated action might have on the Securities and their ongoing availability, and determine whether they would like to sell back their Security at prevailing market rates ahead of the change in Reference Interest Rate, or if instead they will prefer to remain invested in the Security and transition to the Alternative Reference Interest Rate.

In particular, investors should be aware that it is not possible to anticipate whether the Alternative Reference Interest Rate will at the time of transition be higher or lower than the current Reference Interest Rate, and this could therefore determine a higher or lower amount of interest costs being charged to the investors.

Furthermore, after a transition has occurred, the Alternative Reference Interest Rate might follow a different, perhaps steeper, path compared to the path historically followed by the current Reference Interest Rate and this might also result in the Security costs being higher than in the past.

Avis de Transition

Avis relatif aux souches de Titres dont l'ISIN est spécifié en Annexe

22 juin 2021

Le présent Avis de Transition doit être lu conjointement avec l'avis initial[1] et les conditions générales des Titres. Les termes qui ne sont pas définis dans le présent document ont la même définition que celle qui leur est donnée dans les conditions générales des Titres.

A la suite de l'annonce le 5 mars 2021 par ICE Benchmark Administration Limited ("**IBA**"), l'administrateur autorisé et réglementé du LIBOR®, de l'impossibilité pour IBA de publier certaines composantes de l'indice de référence London Interbank Offered Rate (les "**Benchmarks LIBOR**") de manière représentative au-delà d'une certaine date, la *UK Financial Conduct Authority* a annoncé la cessation ou, selon le cas, la future non-représentativité des 35 Benchmarks LIBOR actuellement publiés par IBA. Le présent avis énonce les mesures qui vont être prises par Morgan Stanley & Co. International plc ("**MSIP**"), en tant qu'Agent de Détermination, à la suite de ces annonces concernant les warrants et les certificats sans échéance fixe émis par MSIP (individuellement, un "**Titre**" et ensemble, les "**Titres**") qui font référence à l'un de ces Benchmarks LIBOR.

Les Titres utilisent, entre autres, un taux d'intérêt de référence (le "**Taux d'Intérêt de Référence**") pour calculer le montant des intérêts à déduire de la valeur du Titre en raison du financement (c'est-à-dire l'effet de levier) fourni par MSIP, en tant qu'émetteur, grâce au Titre. Le Taux d'Intérêt de Référence est désigné dans la documentation des Titres comme le "**Taux d'Intérêt de Référence**" ("*Reference Interest Rate*").

Le Taux d'Intérêt de Référence relatif aux titres dont l'ISIN est spécifié dans l'Annexe est le 1-Mois Dollar Américain LIBOR (US0001M Index) ("**USD LIBOR 1 MONTH**"). Conformément à l'annonce de l'IBA, à partir du 30 juin 2023, le USD LIBOR 1 MONTH ne sera plus représentatif du marché sous-jacent et de la réalité économique, et cette représentativité ne sera pas rétablie.

---

[1] L'avis initial est disponible sur le site internet de l'Émetteur : LIBOR – ANNONCE AUX INVESTISSEURS.

Conformément au §4a des modalités des Titres, à la suite de l'annonce par IBA que le Taux d'Intérêt de Référence ne sera plus représentatif, MSIP, en tant qu'Agent de Détermination, a déterminé qu'à partir du 13 juillet 2021, le USD LIBOR 1 MONTH sera remplacé par le Taux d'intérêts à un jour (*overnight*) du Dollar Américain ("**Dollar Américain SOFR**") calculé par la Federal Reserve Bank of New York (le "**Taux d'Intérêt de Référence Alternatif**"), en tant que Taux d'Intérêt de Référence, et que les modalités des Titres seront modifiées en conséquence. Le Dollar Américain SOFR est un taux à un jour (*overnight*). La page Bloomberg correspondant est SOFRRATE Index.

Les investisseurs doivent tenir compte de l'impact que pourrait avoir une telle modification sur les Titres et leur liquidité à l'avenir, et déterminer s'ils souhaitent vendre leurs Titres avec le taux du marché applicable avant le changement du Taux d'Intérêt de Référence, ou s'ils préfèrent garder leurs Titres et acceptent le Taux d'Intérêt de Référence Alternatif.

En particulier, les investisseurs doivent prendre en considération le fait qu'il n'est pas possible d'anticiper si le Taux d'Intérêt de Référence Alternatif sera, au moment de la transition, supérieur ou inférieur au Taux d'Intérêt de Référence actuel, ce qui pourrait donc engendrer un montant plus ou moins élevé des frais d'intérêt facturés aux investisseurs.

De plus, après la transition, le Taux d'Intérêt de Référence Alternatif pourrait suivre une trajectoire différente, peut-être plus volatile, comparé à la trajectoire historiquement suivie par le Taux d'Intérêt de Référence actuel, ce qui pourrait également entraîner des coûts relatifs aux Titres plus élevés que par le passé.

Ce document est fourni par Morgan Stanley & Co. International plc, en sa qualité d'émetteur des Titres. Il s'adresse aux investisseurs actuels et potentiels des Titres afin d'attirer leur attention sur certains événements futurs qui pourraient avoir un impact sur la valeur des Titres.

Une description complète des risques et des modalités applicables aux Titres figure dans la documentation d'offre des Titres, disponible sur https://www.etp.morganstanley.com/fr/.
